# Gadget Heaven

Throughout the development of this project, I have utilized the following resources:

1. Visual Studio Code: https://code.visualstudio.com/download
2. Nodejs: https://nodejs.org/en
3. Github: https://github.com/
4. Tailwind CSS:  https://tailwindcss.com/docs/installation/using-vite
5. DaisyUI: https://daisyui.com/docs/install/
6. React Routers: https://reactrouter.com/home
7. React Icons: https://react-icons.github.io/react-icons/
8. React Toastify: https://www.npmjs.com/package/react-toastify
